

The James and Marie Galloway School **STRATEGIC PLAN**

2017-2020

THE GALLOWAY SCHOOL'S

MISSION STATEMENT

The mission of The Galloway School, the premier private school in academic excellence and character development in the Bay Area, is to maximize students' intellectual abilities and personal talents as they develop into passionate, dedicated global citizens through a nurturing Christian environment, distinguished by a challenging curriculum and innovative resources ignited by exceptional instruction and supportive families.

THE GALLOWAY SCHOOL'S

BELIEFS

We believe in the constant pursuit of excellence in education.

We believe that a Christian based education, in a culturally diverse and mutually respectful setting, strengthens our community.

We believe that education empowers children to maximize their talents and abilities to achieve individual excellence.

We believe that global leaders of tomorrow are forged today.

We believe that passion and dedication lead to success.

We believe that transparency enables education to move beyond school walls.

We believe that family involvement is vital to a child's academic, social and emotional growth.

THE GALLOWAY SCHOOL'S

OBJECTIVES

Each student's academic performance will be at a higher level than their non-private school peers.

Each student's potential will be optimized by continuously setting and achieving individual learning goals.

Each student will be prepared to contribute their time, talents, and knowledge to tomorrow's local and global community.

THE GALLOWAY SCHOOL'S STRATEGIES

We will...

1. Inspire students through a challenging curriculum that focuses on individualized learning opportunities
2. Engage students and parents with a Christian-based approach to character education and service learning that fosters positive relationships within, among and beyond our school community
3. Build capacity with our organization through ongoing professional development and learning utilizing a variety of models
4. Provide guidance and opportunities for parent participation in the learning process through effective communication
5. Ensure a physically and emotionally safe and secure learning environment
6. Broaden and strengthen our presence within the education community through pro-active marketing and nurturing community partners in the learning process
