

The Galloway School

Pre-K 4 - Quarter 3

2017-2018

Fly into the 3rd nine weeks with us. We will be working on the following skills in our classroom. Your child will continue to grow into a more excited learner. He/She will retell favorite stories and identify more letters. He/She will also continue counting 1-20, and begin to compose and decompose numbers 1-5.

English Language Arts

Word Study (Phonics)

The learner will....

- Identify the short and long sounds of vowels
- Identify letter names and sounds

Activity: Use magnetic letters to name the letter and its sound.

Writing

The learner will....

- Form lowercase letters using a variety of writing materials
- Form lowercase letters using a variety of hands-on materials
- Form numbers 1-20

Activity: Engage in hands-on activities using shaving cream, markers or sand to practice forming lowercase letters and numbers.

Reading Comprehension

The learner will....

- Read the pictures
- Retell a favorite story
- Identify word families

Activity: Read aloud to your child every night and ask him/her to locate a word from the word family of the week.

Math

The learner will....

- Compose and decompose numbers to 10
- Add objects to 10
- Subtract objects within 10

Activity: Choose an item in your home and ask your student to add one more item. How many do you have now?

Science

The learner will....

- Identify the seasons
- Describe the water cycle

Activity: Ask your child to tell about his/her favorite season.

Social Studies

The learner will....

- Identify similarities and differences among people
- Identify American symbols

Activity: Identify American symbols in the community as you see them. (post office, etc.)
